

TPE Bangkok Postponement

Regarding the International travel restrictions and uncertainties, ASEAN (Bangkok) Toys and Preschool Expo (TPE Bangkok) could presently not promise the accustomed and desired success for exhibitors as well as visitors. We deeply regret this development as the industry will subsequently lose its central platform this year.

Because of the demands coming from our valued exhibitors and trade visitors, we have decided to reschedule the show dates to 20-22 September, 2023

We are looking forward to presenting a high-profile event for the presentation of your products next year. After a long break caused by the pandemic, TPE Bangkok 2022 will be the first opportunity for the players in the industry to meet once more and do successful business.

We would be delighted to welcome you again next year!

Best Regards

Jacob Vey
